Bass/Contra	metal	brass	41 or 76	B	SS	SS GP*	70	ult	

**IMPORTANT RULES of THUMB** (Individual results may vary.)

\* If you choose for a gold(plated) LefreQue it is recommended to match the gold(plating) of your lefreQue with the gold(plating) of your instrument, yellow or rose. This could be the gold(plating) of the headjoint/mouthpiece/ligature, body or other features like the riser, crown, tab rings or keywork.

\*\*\*\* For positioning of the lefreQue on sax, clarinet and oboe, we recommend to put it straight from the reed to the body for the best results. Do not touch the ligature with your lefreQue.

**GOLD** Solid gold is our superlative and always makes the sound more brilliant.  
This is our premium line.

Please contact one of our Gold dealers for advice: [www.lefreque.com/resellers](http://www.lefreque.com/resellers) Reseller Gold
